

# How to Insert a Google Form into Canvas

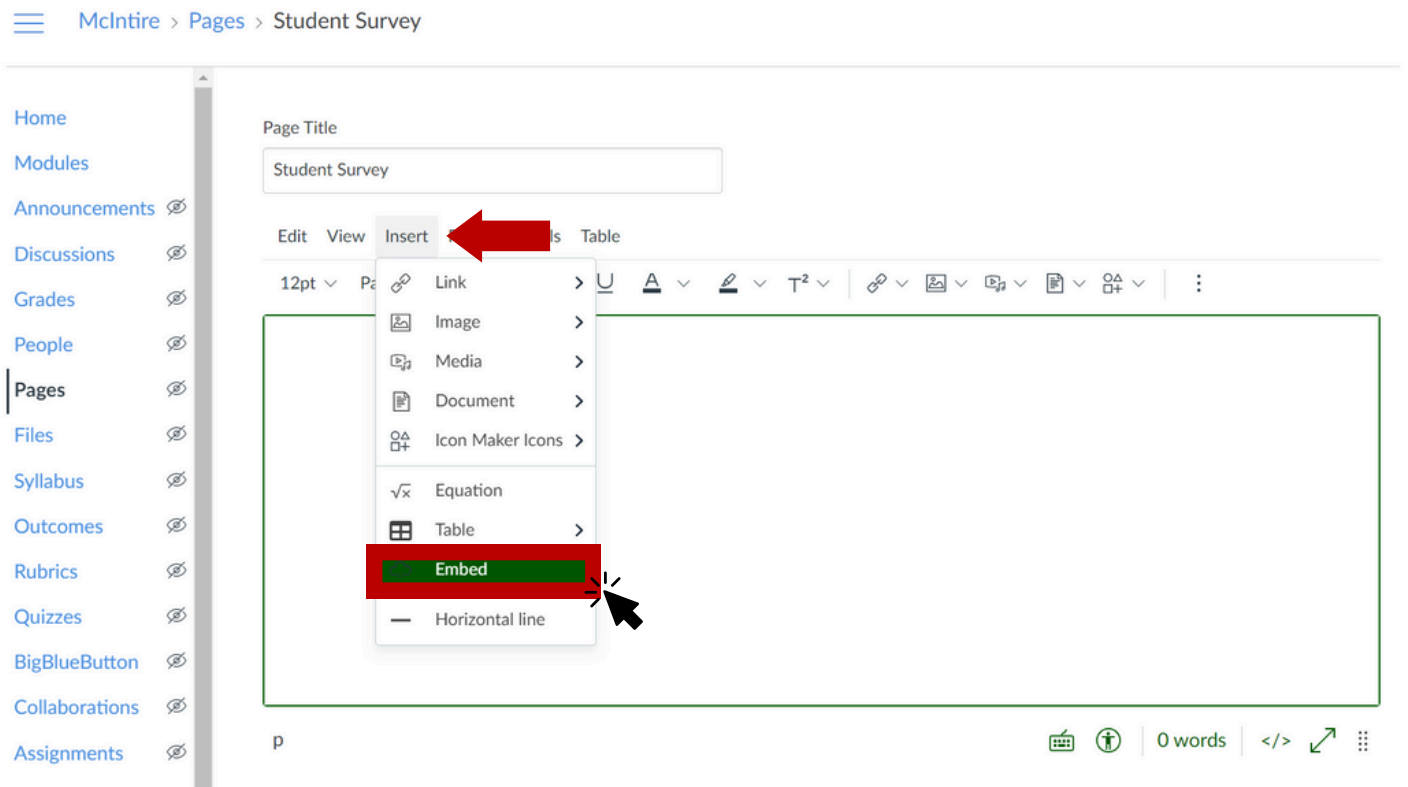

1) Begin in the Google Form you want to use. Locate and click the "Send" button.

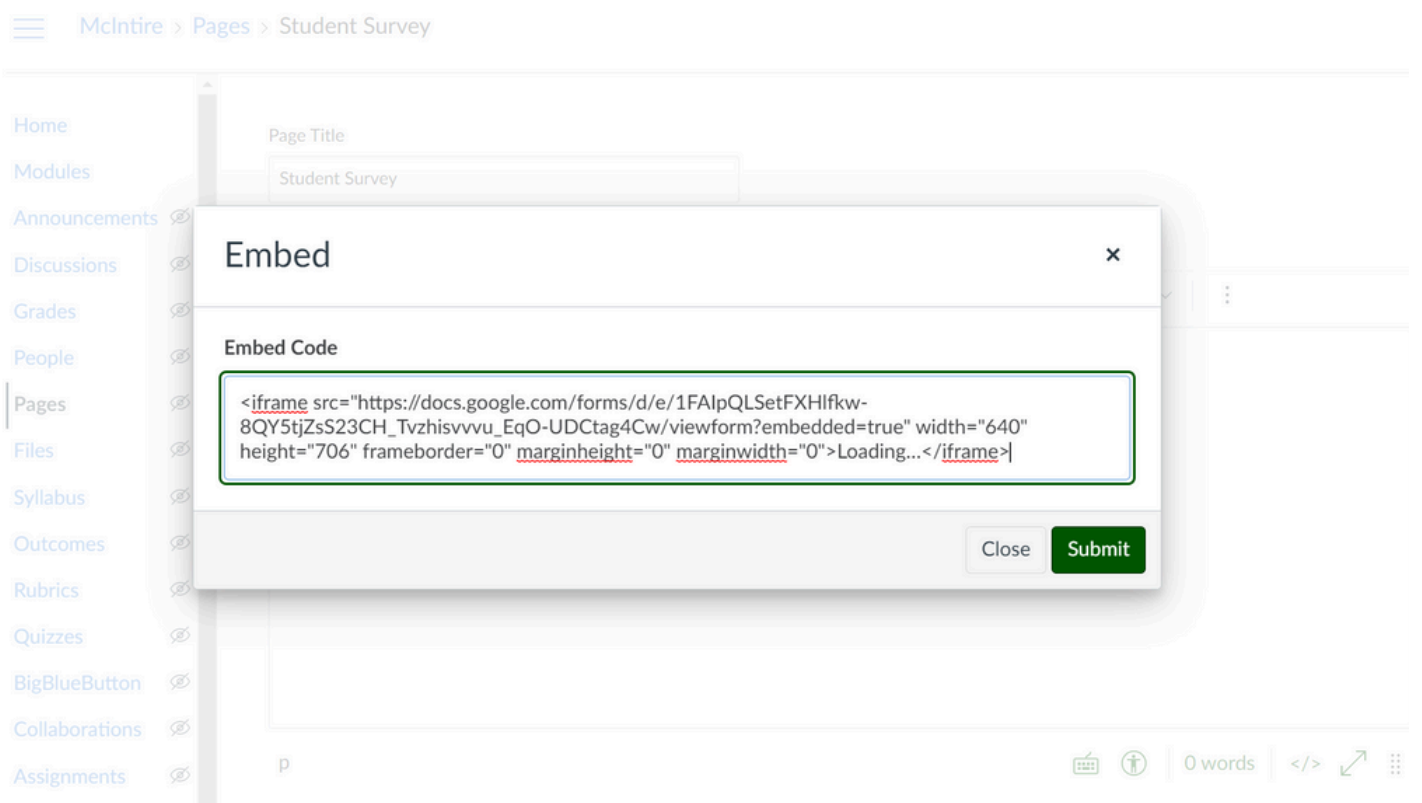

2) In the popup window, toggle to the embed icon ( <> ). Click "Copy." The embed code will be copied to your clipboard.

3) Back in Canvas, open the Page (or Quiz, Announcement, Discussion, etc.) that you want to edit. In the Rich Content Editor menu bar, click "Insert." Then, click "Embed."

4) Paste the embed code from the Google Form into the empty text box. Click "Submit."

5) You should see your Google Form in the Rich Content Editor! Complete editing your page, then click "Save" or "Save and Publish."
